

Glossary of lubrication terms

- DIN 51825 classification system
- NLGI consistency class
- Thickener/Soap type
- Additives & Colour
- Base oil types
- Grease operating temperature range
- Dropping point & Melting point
- Base oil viscosity
- Penetration DIN ISO 2137
- Mechanical stability
- Corrosion protection
- Water resistance
- Oil separation
- Lubricating ability
- Copper corrosion
- Rolling bearing grease life
- EP performance
